Food Menu

Waiting time at Athula's Restaurant.

Dear guest.

Since we are a small hotel with only 9 rooms and have the ambition of serving very good and almost 100% organic food, we make every dish from the start. We avoid half fabricates and pre-fabricated items.

This means it take some time to prepare and cook your food. Many dishes take about 1 hour to prepare.

If you are in a hurry, please ask the waiter or the chef if we have any courses that can be served quicker.

Normally salads, pasta and toasts can be made in 20 – 30 minutes.

Another option is to place your order some hour in advance or even the day before.

Thank you for your patience.

We sincerely hope your food will be worth your waiting time.

Bon appétit!
